REPORT

ON

PUBLIC INSTRUCTION IN COORG

FOR THE YEAR

1890-91.

BY

E. MARSDEN, Esq., B. A.,

Inspector of Schools.

WITH REVIEW BY

GENERAL SIR HARRY PRENDERGAST, K. C. B., V. C., R. E.,

Offg. Chief Commissioner of Coorg.

PRICE 12 ANNAS.

Proceedings of the Chief Commissioner of Coorg, (Educational),—No. 1742—106-91, dated 7th November 1891.

READ—

Letter No. 193—118 of the 29th June 1891 from the Commissioner of Coorg submitting the annual education report for 1890—91.

ORDER THEREON—No. 1742—106-91, DATED BANGALORE, 7TH NOVEMBER 1891.

The Chief Commissioner is glad to observe that the attendance at all classes of schools except the two secondary schools at Merkara and Virajendrapet, shows a marked increase, but regrets that there is not a corresponding increase in the income from fees. The decrease in the fee collections seems due to many boys having left the senior classes of the Merkara and Virajendrapet schools to join the Revenue Survey.

2. The number of girls under instruction is on the increase which is satisfactory.

3. Sir Harry Prendergast appreciates the generosity of Messrs. Belliappa, M. Bopanna and Chendandra Karumbaya in building school-houses at their own expense and his thanks are due to those gentlemen.

As regards the Canarese school at Virajendrapet, it is hoped the Commissioner's endeavours to secure better accommodation will meet with early success.

4. The vaccinators' visits to the schools were not so frequent nor as successful as in the previous year. Such visits materially aid the cause of vaccination and should be made as often as circumstances will admit.

5. It is to be regretted that this report was not checked before submission to the Chief Commissioner.

The Deputy Inspector of Schools who is said to be mainly responsible, should see that future reports are carefully checked and corrected before submission.

CHAS: W. RAVENSHAW, CAPTAIN,
Secretary to the Chief Commissioner of Coorg.

To—The Commissioner of Coorg.
" Inspector of Schools.

No 193—118, dated 29th June 1891.

From—G. F. Meiklejohn Esq, Commissioner of Coorg.

To—The Secretary to the Chief Commissioner of Coorg, Bangalore.

I have the honor to transmit the annual report on public instructions in Coorg for the year 1890—91 furnished by the Inspector of Schools.

2 The total number of pupils under instruction was 4,795 in public and private schools. The number of the latter, *i. e.*, of private unaided schools having risen from 23 to 35. In the public schools the attendance has risen from 4,199 to 4,338.

3. In spite of the increased attendance, the receipts from fees in public schools have fallen from Rs. 8,211 to 7,463 which is lower than the receipts for the last two years. This is to be explained entirely by the fact of many boys (over 40 left from the Merkara school alone) in the senior classes of the Merkara and Virajpet schools having left these schools to join the survey recently started. The fees in the other schools have only fallen off by Rs. 27, this falling off is accounted for by the prevalence of small-pox, which kept boys away during the last quarter when the fees are generally paid. Small-pox was certainly very bad towards the end of the year and it is a disease which the Coorgs have a special dread of.

4. Arrangements will be made in communication with the municipal committee to provide better accommodation for the canarese school at Virajpet, as soon as possible.

5. The number of girls under instruction rose from 623 to 699 a satisfactory increase. I may mention that since the year under report a girl school has been started at Virajpet and promises well.

6. I would beg to draw attention to the praiseworthy liberality of Messrs. M. Belliappa, Mukkati Bopannah and Chendandra Karumbaya all of whom have built, during the year at their own expense, excellent school houses.

No. 58 C.

OFFICE OF THE INSPECTOR OF SCHOOLS, COORG.
Dated Bangalore, 16th June 1891.

BY ORDER OF

FROM

THE INSPECTOR OF SCHOOLS, COORG.

To

THE SECRETARY TO THE CHIEF COMMISSIONER OF COORG,
(THROUGH THE COMMISSIONER OF COORG).

SIR,

I have the honor to submit the annual report on education in Coorg for the year 1890—91. I have, in accordance with instructions, made it considerably shorter than that submitted last year.

I. *(a)* GENERAL SUMMARY.

2. The number of public schools remains the same, 75, while the private unaided schools have risen in number from 23 to 35.

3. The attendance in public schools has risen from 4,199 to 4,338, *i. e.*, by 139 pupils, and that in private unaided schools from 345 to 457. The total number of pupils under instruction is thus 4,795 or 1 in 37 of the population of Coorg.

4. The receipts from fees in public schools have fallen from Rs. 8,211 to Rs. 7,463, *i. e.*, by Rs. 748 or about 9 per cent. The decrease is almost wholly in the receipts from the Merkara high school and the Virajpet middle school and is due to the fact that a good many boys in the senior classes of these institutions left to join the survey class which was started last June.

5. In the Merkara high school the attendance has fallen from 302 to 282 and the fee income from Rs. 3,311 to Rs. 2,787. Eight students matriculated and 24 passed the middle school examination.

6. At the Virajpet middle school the attendance has fallen from 167 to 160 and the fees from Rs. 1,408 to Rs. 1,244. Ten students passed the middle school examination.

7. The normal school continues to do good work. Six students passed the middle school examination in the vernacular.

8. In the rural primary schools the attendance has risen from 2,894 to 2,963, but the receipts from fees have slightly fallen off, being Rs. 1,383 to Rs. 1,410 the year previous or Rs. 27 less. These schools suffered a good deal from the prevalence of small-pox the last quarter of the year, when the fees for the ensuing year are usually collected in advance. There were 56 schools in operation at the close of the year. The average attendance in each was 53 to 52, and the average gross annual cost of educating each pupil, Rs. 2—15—6 to Rs. 2—15—3 the year previous.

9. Three good school houses were built during the year. Mr. M. Belliappa, Assistant Commissioner, has built a good school at Kunda and promised to roof it with Mangalore tiles next year. At Kungalageri, another good school has been built by Mr. Mukkati Boppanna. At Siddapur a very good school house has been built by Mr. Chenandra Karumbaya. It is roofed with Mangalore tiles and is about the best building of its kind in Coorg.

Houses are badly wanted for the Canarese schools at Virajpet and Ponampet.

I. *(b)* Statistical Summary.

10. The following statement compares the number of public schools and pupils in them during the past year with those of the previous year :—

Class of schools.	1889—90.		1890—91.		Difference.

II. Controlling agencies.

19. I was Inspector of the Western Circle, which includes Coorg, the whole year. The following statement gives the usual figures regarding the inspection work done by myself and the Deputy Inspector. My head quarters are at Calicut. I was

in Coorg from the 14th of April to the 4th of June. Illness prevented me from doing quite so much work as the year previous :—

Name.	Race or caste.	Official designation.	Linguistic qualifications.	Service (years.)	Salary.	Number of miles travelled.			Number of Inspection visits.			Number of days absent from head-quarters.

20. The Deputy Inspector, Raghunatha Rao, was in charge of the range during the year. His work was satisfactory. He was 192 days or about six months and a half away from head-quarters, travelled 1,683 miles and paid 229 inspection visits.

III. University Education.

21. There is no college in Coorg. As remarked in previous reports the policy of government has been, instead of opening college classes in the central school, to bring the benefits of collegiate education within reach of the inhabitants of the province by means of scholarships, tenable at the large and well equipped first grade colleges at Madras and Bangalore.

22. The only institution which works up to the matriculation standard of the Madras University is the Merkara high school. During the year under report, eight students matriculated and five were awarded scholarships.

23. Details regarding the 18 students holding imperial and endowment scholarships on the 31st March 1891, together with the 5 new scholars selected for 1891—92, will be found in appendix A, at the end of this report.

IV. School Education General.

(*A*) *English Secondary schools, Departmental.*

24. *Central school, Merkara.*—This institution, the largest and most important in Coorg, was in charge of Mr. C. W. Moss, B. A., till September. Mr. Moss was then transferred to the Junior Inspectorship of schools in Burma and his place taken by Mr. F. J. Moss, M. A., head master of the Breek's school at Ootacamund.

The attendance fell from 302 to 282 owing to the formation of a survey class in June, when about 40 boys from the central school joined it. The fees, in consequence of this decrease in attendance, fell from Rs. 3,311 to Rs. 2,787. Twenty-nine students were presented for the matriculation examination and eight passed, two in the first class, one of them was placed fourteenth on the list for the whole Presidency. For the middle school examination, fifty boys went up and twenty-four passed.

A complete set of gymnastic apparatus was procured from Bangalore and regular instruction given in gymnastics. The senior classes are drilled by Mr. Moss himself. Lawn tennis, foot-ball and cricket are played regularly.

The two boarding-houses in connection with the school, maintained by government, contained, at the close of the year, 44 and 39 boys respectively, all Coorgs. A detailed account of these institutions will be found in the annual educational report for 1883—84.

A complete statement of receipts and expenditure for the year in connection with the endowment fund will be found in appendix B to this report. It will be seen that only Rs. 2,100 instead of Rs. 3,100, the stipulated amount in the lease, was realized from the lessee and that as a consequence, the usual investment of Rs. 1,000 to form a sinking fund was not made. The expenditure on educational objects was Rs. 2,204. The balance to credit was Rs. 6,000 in government paper, and Rs. 665 in the Treasury

25. *Virajpet Municipal Middle School.*—The attendance at this institution fell from 167 to 160, several boys having left to join the survey department. The fees fell from Rs. 1,408 to Rs. 1,244. The results of the middle school examination were very good, ten boys being successful out of 19 presented. At the annual inspection, all classes did very fairly. Mr. Saldanha was in charge of the school throughout the year. The accommodation in this school is insufficient. The building should be enlarged, the ground round it levelled, improved in appearance and fenced in, a complete set of gymnastic apparatus provided, a competent gymnastic instructor appointed and a small house built close to the school for the residence of the head master. A boarding house for Coorg students, on the model of those at Merkara is also much wanted.

26, *St. Mark's School at Merkara.*—Is an aided secondary school, attended mainly by Europeans and Eurasian children, a small percentage of natives being admitted. There were 25 pupils at the close of the year against 22 the year previous, 19 being boys and 6 girls. Of this number, 6 pupils were in the high, 3 in the middle, and 16 in the primary department. The receipts from fees and subscriptions amounted to Rs. 1,555—1—0 and the government grant to Rs. 1,175. The examination results were very good. One pupil passed the higher examination for women, and four the middle school examination. There were no failures. Mr. S. Kelly, B. A., was in charge of the school throughout the year.

IV. School Education, General.

B. Primary Schools,

27. The number of public primary schools of all classes was 71 at the close of the year to 71 the year previous. The attendance rose from 3,696 to 3,859, *i. e.*, by 4 per cent. These schools include 3 English Primary, 2 Hindustani, 1 Tamil and 65 Canarese schools as follows :—

(a) 2 Upper Primary English schools (Imperial funds).
(b) 1 Lower Primary do do
(c) 2 Superior Canarese schools do
(d) 56 Rural Primary do do
(e) 4 Aided vernacular do do
(f) 1 do do (Municipal funds).
(g) 5 Municipal Primary schools.

English Schools.

(A) and (B) Departmental Primary Schools.

28. The 3 institutions under this head are as follow :—

Hudikeri—Attendance	38	...	...	Fees Rs.	104	12	0
Napoklu	do	51	...	...	do	109	3	0
Nelaji	do	15	...	...	do	22	6	0

Vernacular Schools

(C) and (D) Departmental.

29. There are two schools under this head, as follow :—

Kodlipet—Attendance	50	...	...	Fees Rs.	73	2	0
Somvarpet	do	130	...	...	do	105	0	0

30. *Rural or Nad Primary Schools.*—The subjoined statement shows how these schools are distributed over the taluks of Coorg.—

Taluk.	Number of schools	Number on the roll on the 31st March 1891.			Average number in one school.
		Boys.	Girls.	Total.	
Padinalknad	11	735	195	930	84 5
Kiggatnad	14	559	121	680	48 6

Merkara	7	246	46	292	41·6
Nanjarajpatna	8	244	17	261	32·6
Yelusavirashime	6	157	5	162	27
Total.....	56	2,422	541	2,963	53

31. It will be seen that the number of these schools remains the same, 56, while the attendance has risen from 2,894 to 2,963 or about 4 per cent. The fees show a slight falling off from Rs. 1,410 to Rs. 1,383; *i. e.*, a decrease of Rs. 27. As elsewhere noted this was due to the prevalence of small-pox the last quarter of the year when fees are usually collected in advance for the ensuing year. As regards attendance, standard, fees and general condition, 10 of these schools may be considered very good, 20 good, 18 fair and 8 poor. It will be necessary to transfer several of the latter very shortly. The 4 best schools, with an attendance of over 100 pupils in each, all in South Coorg are those at Karada, Napoklu Murnad and the Cheppudera schools.

32. The head-masterships are 57 in number (exclusive of the mastership of the Nelaji school), twenty-one being of the first grade on Rs. 12, twenty-eight of the second grade on Rs. 10 and eight of the third grade on Rs. 7. There are in addition 12 assistants on Rs. 5, and 24 pupil teachers on Rs. 3.

Classified according to race, the 93 masters and teachers include 62 Coorgs, 11 Brahmins, and 20 other Hindus.

With reference to their qualifications of the head-masters, 11 have passed the middle school examination, 7 the special upper primary, 24 have passed through the old normal school at Merkara and 15 are unpassed and untrained men.

E. Municipal Primary Vernacular Schools.

33. There are 5 schools under this head, as follow:—

1.	Canarese school, Virajpet.	Attendance	170	...	...	Fees Rs.	132	14	6
2.	Hindustani	do	do	38	...	...	do	27	14	0
3.	Canarese school, Merkara		do	88	...	...	do	85	13	0
4.	Hindustani	do	do	59	...	...	do	72	5	0
5.	Tamil	do	do	37	...	...	do	30	1	0

All these schools are well provided with accommodation except the first which is held in a hired building very unsuitable for school purposes. The municipal committee provided Rs. 800 in the budget for last year for building a proper house, but subsequently used the money for another purpose. A good house is very much wanted.

F. & G. Aided Primary Vernacular Schools.

34. There are 5 schools under this head as shown in the statement given below:—

Schools.	No. of pupils on the roll on 31st March 1891.	Receipts from												Remarks.

V. School Education, Special.

35. The only institution under this head is the Merkara normal school, a detailed account of which will be found in the annual educational report for 1885-86, paragraphs 108—114. Twelve students were under training during the year. Four were sent out as masters and one died. Five students were admitted in their places. Twelve were presented for the middle school examination in the vernacular and six passed.

VI. Female Education.

36. The number of girls in public schools rose from 625 to 699. There are only two schools exclusively for girls, one is the Basel Mission (upway) school at Merkara, in which there is an attendance of 7 girls; the other being a branch (departmental) of the Somvarpet vernacular departmental school which has 30 pupils.

The number of girls in private schools is returned as 37.

VII. Education of Special Classes.

A. Europeans and Eurasians.

37. The only school for Europeans and Eurasians is St. Mark's school at Merkara, for remarks on which vide paragraph 26 above.

B. Mahamadans.

38. There are two schools for Mahamadans, one maintained by the Merkara, the other by the Virajpet municipality. Particulars regarding them will be found in paragraph 33 above. Besides the 97 pupils in these two schools, in which Hindustani is the language studied, there are 87 in other schools learning canarese. Altogether there are 184 pupils under instruction to 147 the year previous.

C. Other Special Classes.

39. There is one institution only under this head, the school for parayas at Hebbale. It is included in the number of nad schools and contains 18 boys. No fees are paid. There are in addition 6 parayas in other schools.

VIII. Private or Unaided Schools.

40. A detailed description of schools of this type will be found in paragraph 65 of the annual report for 1882—83. The annual returns furnished by the Subedars of taluks show that the number of these schools has risen from 23 to 35, the attendance from 345 to 457. They include 141 Coorgs, 279 other Hindus, and 37 Mahamadans.

IX. Preparation and Distribution of Text Books and other Educational Literature.

41. There were scarcely any sales during the year, as the curator in charge of the Mysore Government book depôt declined to supply books. Fresh arrangements were proposed for the coming year and provided for, in the budget. In future there will be a book depôt in Coorg, independent of that at Mysore, under the charge of the Deputy Inspector.

I have the honor to be,

Sir,

Your most obedient servant.

E. MARSDEN,

Inspector of Schools.

* The percentages required for 2 (a), 2 (b), 2 (c) are to be calculated from the figures given in columns 7 a, 7 b, 7 c, respectively, of General Table IV.

† The annual cost is calculated on the direct expenditure only. The average cost of educating each pupil is obtained by dividing the direct expenditure by the average number on the rolls monthly during the year.

‡ The average cost of each pupil in Local Fund and municipal schools is to be obtained from the figures given in General Table VII.

§ Fractions of a rupee should be omitted, except in the columns showing the average annual cost of educating each pupil.
